LATEST EDUCATION

Ph.D. in Computer Science

Nov 2019 – Jan 2024

Sapienza University of Rome

Rome, Italy

Conducted research on Deep Learning, Signal Processing, NLP, and Generative AI, advised by Prof. Emanuele Rodolà.

M.Sc. in Physics

Sep 2016 – Jan 2019

Sapienza University of Rome

Rome, Italy

Grade: 110/110 magna cum laude. Conducted research on Quantum Information with Prof. Fabio Sciarrino.

LATEST WORK EXPERIENCES

Senior Applied Scientist

Apr 2025 – Present

Music.AI

Remote

Developing and optimizing autoencoders and generative models for speech, music, and general audio enhancement.

Research Scientist

Apr 2024 – Mar 2025

Sony

Stuttgart, Germany

Conducting research on deep learning for generative models for speech and music with LLM and diffusion models. Working in the AI, Speech and Sound Group.

Visiting Research Scientist

Nov 2023 – Jan 2024

Sony

Stuttgart, Germany

Conducted research on deep learning for effects removal and timbre transfer with diffusion models. Worked with Dr. Stefan Uhlich in the AI, Speech and Sound Group.

Research Scientist Intern

Jun 2023 – Sep 2023

Microsoft

Redmond, Washington, USA

Conducted research on deep learning for unsupervised speech separation. Worked with Dr. Sebastian Braun in the Audio and Acoustics Research Group.

ICLR notable top 1% paper (oral)

2024

ICLR 2024

First-author paper selected among the top 1% submissions for an oral presentation at ICLR 2024

Winner of AWS Cloud Credit for Research

2024

Amazon

Awarded €50,000 in AWS credit for the best generative AI research project

Winner of Imminent Research Grant

2022

Translated's Research Center

Awarded €20,000 for the best machine translation research project

ACADEMIC EXPERIENCE

Invited Talk

Nov 15-16, 2025

Osnabrück University

Osnabrück, Germany

International Symposium on Diffusion Models for Audio and Music Processing

Teaching Assistant

2023

Sapienza University of Rome

Rome, Italy

Lectured at the Deep Learning and Applied AI MSc course and mentored students for their Master's Thesis

Invited Talk

Feb 13, 2023

Yale University

New Haven, Connecticut

Delivered a guest lecture on the Latent Autoregressive Source Separation paper upon the invitation of Prof. Ronald Coifman
